1. Purpose

1.1 The welfare and wellbeing of all students and staff of the College depends on reasonable and disciplined behaviours for all students as detailed in the [Code of Conduct](#). This policy supports this requirement and underlines the overall aim of ensuring that students are successful in their learning goals and that they develop behaviours and skills to remain at the City of Bristol College and are well prepared for the world of work.

1.2 To ensure a common understanding by staff, students and their parents/guardians, and Governors, of College expectations and responsibilities associated with managing behaviour and discipline.

1.3 To ensure a consistent approach across all in-scope College programmes in maintaining good standards of behaviour and managing breaches of discipline both academic and otherwise.

1.4 To ensure that all processes and procedures associated with this policy are fair, transparent and conducted in a timely manner.

1.5 To communicate effectively with external partners and agencies when their codes of conduct and professional standards are required to be taken into consideration.

1.6 To support the re-engagement of students who have not met College expectations.

2. Scope

2.1 All students have the right to learn and a responsibility to allow others to learn in a safe, secure and respectful environment. City of Bristol College, as an employer, also has a responsibility to provide staff with a safe, secure, and respectful environment to work in.

2.2 Wherever possible, the College will strive to work constructively with students to resolve disciplinary issues but implicit in this policy is the recognition of the need to disapprove of, formally record and in certain circumstances reprimand unacceptable conduct and behaviour that disrupts learning.

2.3 City of Bristol College will ensure that all processes and procedures associated with student discipline are fair, open and transparent and that all disciplinary proceedings are conducted fairly and transparently.

2.4 This policy applies equally to all student enrolled at the College. Explicitly, this policy applies to:

- Study programme students
- Apprentices
- Adult Students

2.5 Higher education students who are studying on Franchised programmes with Higher Education Institutes working in partnership with City of Bristol College will be subject to the student [Code of Conduct](#) however they will be subject to the disciplinary policy and procedures for the relevant HEI. Students studying on Validated HEI or awarding organisation Higher Education courses (Higher National) will be subject to the policy.

3. A Trauma Informed Approach

3.1 City of Bristol College supports students to develop the knowledge, skills, and behaviours to lead fulfilling and happy lives and places the wellbeing of learners as a top priority, believing good wellbeing underpins successful learning and supports progress. The College adopts a trauma informed approach to all disciplinary and behaviour related matters. A trauma informed approach recognises that all behaviour is communication and each person's journey to where they are now is a result of what they have or are experiencing.

3.2 At every stage articulated in this policy staff and students will be required to reflect on what actions can be taken to support students to connect, repair and build resilience and better manage emotional response.

3.3 Taking a trauma informed approach to presenting behaviour means ensuring that every effort is made to understand what is happening for the student and seek to intervene in a supportive manner at every point in the process.

4. Responsibilities and reporting

4.1 During teaching and learning sessions, the teacher/study coach/designated person in charge has immediate authority for student discipline.

4.2 All staff have immediate authority to take action to maintain discipline in the common areas of the College including corridors, open access areas and areas serving food.

4.3 Any member of staff observing a student behaving in a manner which could breach the Code of Conduct has the authority and responsibility to challenge the student and may warn them that their behaviour is inappropriate.

4.4 All members of staff should ensure that students All members of staff should ensure that students are made aware and know where to find the Student [Code of Conduct](#) and relevant policies, procedures and regulations during the induction period.

4.5 In the case of a serious incident no member of staff should put themselves at risk but should intervene to support incident de-escalation when appropriate. If a member of staff requires addition support, they can contact BFM team on 5333. All serious or gross misconduct incidents should be reported on ProMonitor Incidents.

4.6 Any member of staff who witnesses a minor incident that they believe is unacceptable behavior such that it requires disciplinary action beyond verbal intervention should identify the student on ProMonitor and cc in the course leaders / manager. The student's Course Leader who will decide what action is required.

4.7 It is the responsibility of every individual student and member of staff to familiarise themselves with the [Code of Conduct](#) and relevant policies, procedures and regulations and comply with them.

5. Potential impact on Equality, Diversity and Inclusivity

5.1 This policy document has been reviewed by the Senior Leadership Team to ensure that it does not negatively impact upon any individual. All College policies seek to actively promote inclusion of all students. This policy includes rigorous measures to ensure fairness for all and that any incidents of misconduct are addressed without bias. It ensures both the student's right to learn and staff's right to work in a safe, secure and respectful environment are met regardless of any protected characteristics

6. Reporting

6.1 The College records all relevant information on ProMonitor and expect all students to regularly update this through their view of the same tracking system; ProPortal.

7. Expected Standards

7.1 Unacceptable conduct is any academic or non-academic conduct which adversely interferes with teaching and learning, is disrespectful to other members of the College community or College property or breaches the College Code of Conduct. This policy covers all student activities such as work placements, trips and visits and other enrichment activities.

7.2 This policy details the disciplinary procedure to deal with students whose behaviour falls outside acceptable standards. If the cause for concern relates to a student's health and general wellbeing, the [Fitness to Study Policy](#) may be more appropriate. If the student displays signs of 'an inability to' or is 'unable to' change their behaviour or conduct, the most appropriate course of action is likely to be the Fitness to Study Policy.

7.3 If a criminal offence has been committed, City of Bristol College may choose to involve the police. They should contact the Head of Safeguarding who will do this on their behalf. In certain circumstances, the College may advise the victim to contact the police directly. The Head of Safeguarding are available to advise in all cases involving the police.

8. Attendance and Punctuality Standards

8.1 The expected attendance for **all students on all programmes is 100%**. Attendance expectations will be no lower than this.

- An excellent standard is a 95%+ attendance rate;
- A good standard is 90%+;
- A satisfactory standard is 85%+;
- 84% and below is a poor standard;
- Physical attendance below 75% (without mitigating circumstances) is considered gross misconduct and will be dealt with appropriately in the procedures listed below.

8.2 Mitigating circumstances for low attendance would be considered when the student has evidence that supports the reasons for low attendance that are an impact of anything outside of the students control. This would include:

- medical sign of supported by a doctor's note
- lengthy hospital stay
- participation in jury service or other mandatory public service (again evidenced in writing with dates)

8.3 Minor illness, Work commitments or any other outside commitments will not be considered as mitigating circumstances

8.4 Any attendance for persistent illness without mitigation, including Mental Health related symptoms may also be intervened through an attendance support action plan in line with the intervention stages.

9. Persistent Lateness

9.1 Identified as three or more times for the same class and applies particularly where this disrupts others' learning. Lateness after breaks is inexcusable and the City of Bristol College regards this as disruptive behaviours.

10. Mitigating Absences of

10.1 Mitigating absences are identified as job interviews (full-time), university interviews, hospital appointments and treatments, the funeral of a relative/close friend, recognised religious holidays, driving test (not theory), attendance at court/probation meetings, attendance at a College representatives' meeting and students who are suspended (temporarily excluded). Infrequently, significant transport disruption may be authorised, but this would be a Cross-College decision allowed at the discretion of SLT / Executive Team member.

10.2 To help clarify, the following would NOT be considered as reasons of mitigating absence; isolated sickness, routine medical/dental appointments, "personal issues", baby-sitting younger siblings, relations or friends, waiting at home for arrival of a service/delivery, weddings and holidays. Where a student

describes such circumstances, they must agree an action plan (SMART targets) in their ILP and have it signed-off by their Tutor / Lecturer / Course Lead.

10.3 All absences are recorded as negatives with exception to suspension marks and attendance on a work placement during a timetabled session (specific courses only). These absences will be neutral to a student's attendance mark.

11. The Right Behaviours for Learning

11.1 In addition to good or better attendance and punctuality the right learning behaviours include:

- Students showing respect for all and forming good working relationships with each other and all staff working with them.
- Students consistently having the correct learning materials for the class.
- Students following the instructions and activities set for them in each and every lesson.
- Students taking increasing responsibility for their own learning, including showing commitment over the year and not giving up; engaging with additional activity and catching-up when required, for example, students always respecting the needs of other students by avoiding behaviours that negatively affect the learning of others.

12. Praise and Commendation

12.1 City of Bristol College believe it is important to celebrate progress and achievement of all students, whether that is consistent or improved demonstration of positive behaviours and standards. Initially all records of these will be on ProMonitor and from time-to-time in other ways including nominations for awards and prizes, and commendation letters from College Curriculum and Support teams and the wider College Leadership team.

13. Definition of Unacceptable Conduct

The list is neither exhaustive nor exclusive and in some cases it may be appropriate to enforce a different stage of the disciplinary process from the examples listed in the [Code of Conduct](#)

14. Disciplinary Stages and Procedure

14.1 Disciplinary action may be taken against a student for any alleged breach of the Student Code of Conduct. Three stages of action are available depending on the severity of the alleged breach of conduct or the nature of the alleged unsatisfactory behaviour. The College reserves the right to decide at which stage disciplinary proceedings begin and, where alleged minor misconduct or poor behaviour is more serious than originally thought, the right to progress proceedings to a higher stage.

14.2 Stage 1 is for **Informal action** where minor offences or breaches of the Student Code of Conduct have allegedly occurred.

14.3 Stage 2 is for **Formal misconduct** and entails a disciplinary interview and is for cases where more serious breaches of the Student Code of Conduct or persistent minor offences have allegedly occurred. Breaches of conduct dealt with at this stage are neither considered to be gross misconduct, nor capable of being dealt with through informal misconduct in the student disciplinary procedures.

14.4 Stage 3 is for **Formal serious or gross misconduct** and entails a disciplinary hearing and is for cases where serious breaches of the Student Code of Conduct have allegedly occurred. Such breaches could include actions or behaviour identified as serious or gross misconduct in the Student Code of Conduct or where a student has been through disciplinary interview procedures at Stage 2 but continues to persistently breach the Student Code of Conduct or where a final warning has already been issued.

14.5 In a case where it is alleged that a student has committed a criminal offence (whether serious or otherwise) the College reserves its right to act in accordance with this disciplinary procedure but is not obliged to do so. The College is not bound by the results of any criminal proceedings against a student.

14.6 Stage 1: Informal action

Issued by: Course Tutor, Programme Manager, Study Coach
Copies to: Student, Tutor, Course Lead, Programme Manager, ALS, Study Coach - Completed electronically in ProMonitor As relevant: Parent / Guardian / external agency (via letter)

- a) The College prefers to adopt a supportive, trauma informed, restorative approach to disciplinary proceedings when appropriate and possible. In incidents of minor misconduct, it is generally most effective to act quickly and at an informal level.
- b) The investigator should establish the facts relating to the incident and take action to bring the inappropriate behaviour to the attention of the student.
- c) The member of staff will report the behaviour by placing a record of the behaviour on the student's computerised record.
- d) Where the alleged misconduct or poor behaviour is upheld, actions and targets for improvement should be set. The outcome of the meeting should be placed on the student's computerised record, but will be disregarded for disciplinary purposes after six months, subject to satisfactory conduct and behaviour.

14.7 Possible outcomes

a) No further action to be taken

No record of the discussion will be made or retained.

b) A Stage 1 action is documented

Stage 1 action notification is placed upon the students electronic file on ProMonitor which highlights the issue and details the agreed action(s) which will include clear identification of work ready improvements that must be made with a clear timeline and the identification of any additional support required [See Restorative Practice guidance section 16]. The member of staff will confirm to the student that any re-occurrence will result in further disciplinary action.

c) Progression to a different stage of the disciplinary procedure.

The member of staff may decide that the incidence is more serious than Minor Misconduct and that it would be more appropriate to follow the disciplinary procedure at a higher level. Follow the process for the stage that is most appropriate to the incident.

The Hearing Officer will make it clear to the student that any repeated or persistent violation within the prescribed timescales will result in further disciplinary action.

c) Go to a more appropriate stage of the Disciplinary Procedure

The letter will also include information regarding the student's right of appeal and suggest that the student contact a member of the Advice and Guidance Team to arrange an appointment with a Careers Advisor.

14.20 The Hearing Officer should ensure that that College electronic files are updated immediately to show the student's status as excluded and the student ID card will be deactivated. This will also be recorded on Pro-Monitor. This should be carried out as soon as is possible after the disciplinary hearing.

14.21 There is a duty on the College to inform local authority support services if a young person has had their opportunity to study in the College removed. The Director of Curriculum will take responsibility for this action in order to conform with section 13 of the Education and Skills Act 2008.

- b) that the original disciplinary decision, interview or hearing was not conducted fairly;
- c) that the finding of guilt was unreasonable in the light of the findings of fact;
- d) that the outcome of the disciplinary stage was unreasonable or too severe in the circumstances.
- e) The appeal has been submitted in writing within ten days of the outcome letter date.

15.4 If the student is appealing on the ground that new evidence is available, then copies of that evidence and an explanation of why it was not made available earlier must be provided.

15.5 The member of staff designated to hear the appeal must first consider whether there are enough grounds for appeal. If the member of staff is satisfied that there are not enough grounds for appeal, this decision will be communicated in writing to the student stating the reasons for the denial. The student will be advised that this decision is final.

15.6 There is no entitlement to a re-hearing of the case and any re-hearing would only be allowed in exceptional cases. Witnesses will not normally be called to an appeal hearing and only in support of new evidence that has become known since the original disciplinary stage.

15.7 The appeal decision will usually be made within fifteen working days of receiving the notice of appeal, by a member of the College community who has had no earlier involvement in the matter.

15.8 Appeals Procedure

15.9 Appeals against a final warning will be heard by a Head of Department or Director (or another manager of equivalent seniority in the College).

15.10 Appeals against exclusion will be heard by a Vice Principal, the Deputy Chief Executive or the College Principal and Chief Executive (Appeal Officer).

15.11 If applicable the Appeal Officer will inform the student (and, as appropriate, their parent/guardian, sponsor/employer, local authority) of the date, place and time of the appeal hearing at least three working days before the meeting.

15.12 The Chair or a representative from the original Hearing will present a summary of the details of the alleged incident together with any additional supporting evidence. The student is then given the opportunity to present the details of their appeal together with any evidence. The advocates of the student may also take the opportunity to speak. All accounts should be limited to the disciplinary allegation.

15.13 When deciding on the outcome, the panel should consider:-

- a) Did the evidence fail to support the outcome of the hearing?
- b) Was the outcome disproportionate to the misconduct?
- c) Has relevant new evidence come to light?
- d) Was the procedure operated unfairly to the student's disadvantage?

15.14 At the end of the hearing and after the student has provided evidence and answered questions, the Appeal Officer will invite the student to depart from the premises while the Appeal Officer makes their decision.

15.15 The Appeal Officer will decide whether to uphold or dismiss the appeal.

15.16 Where the appeal is upheld, the Appeal Officer can:

- a) expunge any record of the matter from the student's file;
- b) reduce the original disciplinary decision.

15.17 If a student's appeal against exclusion has been changed, the student electronic file should be updated to allow access back into College. This will also be recorded on Pro-Monitor.

15.18 Where the appeal is dismissed, the Appeal Officer (or appeal panel) can vary the original disciplinary decision/recommendation, including imposing a greater penalty against the student than that previously imposed or recommended.

15.19 The Appeal Officer will communicate the outcome of the hearing in a letter to the student (and, as appropriate, their parent/guardian, sponsor/employer, local authority) within five working days of the hearing and/or decision being made. This letter will record the nature of the appeal and whether it is upheld or dismissed, any change in penalty imposed and, normally, the reasons for the decision. A copy of this letter will be placed on the student's file and noted on the student's computerised record and where the appeal is dismissed, will be disregarded for disciplinary purposes after 24 months, subject to satisfactory conduct and behaviour.

15.20 The outcome of the appeal is final, binding, and not subject to further appeal.

16. Positive Behaviour & Restorative Practice Guidance

16.1 Restorative practice interventions / conversations should underpin all activity/stages related to student behaviour.

16.2 Aim: A restorative practice intervention is designed to address behaviours that do not meet expectations in a non-punitive, supportive way. It provides opportunities for those directly affected by an offence/incident (victim, offender, and members of staff) to communicate, and agree how to deal with the behaviour and its consequences through mediation and set clear practice of modelling behaviour.

16.3 Who should be present:

- a) The student
- b) Staff issuing restorative intervention
- c) Student advocate, if requested (always offered)

16.4 Who can deliver them?

16.5 Restorative practice interventions can be issued by curriculum teaching staff, study coaches, transition and progression mentors and/or learning assistants (in partnership with curriculum) and should be recorded on ProMonitor as a comment for audit.

16.6 Restorative practice interventions aim to identify any reasons why a student has displayed behaviours that challenge and using a trauma informed approach seek a resolution and help students to manage behaviour and understand how to respond and communicate in line with the support services within and working with City of Bristol College.

16.7 In the event a Restorative practice intervention has not resulted with positive response then a student should move to the intervention process in line with the student disciplinary process.

17. Failure to attend

17.1 Students must make every attempt to attend any meeting arranged under the disciplinary process. If in the view of the member of staff conducting the meeting or hearing there are reasonable mitigating circumstances because a student is absent, the member of staff will make one further attempt to reschedule the meeting. If the student does not attend the rescheduled meeting or hearing, the matter may proceed in the student's absence and, where the allegation is upheld, penalties may be imposed.

17.2 Should a student fail to attend an appeal hearing, the appeal will be dismissed.

18. Suspension

18.1 A student may be suspended from the College where a serious incident has occurred (or is alleged to have occurred) and there is a need for a period whilst an investigation is being carried out where the student's attendance may impact the investigation. This is not a disciplinary action.

18.2 Should a member of staff who is dealing with an incident feel that the student should be temporarily suspended, they should contact one of the following members of staff:

Programme Manager

Head of Department inc. ALS, Safeguarding

Member of the Senior Leadership Team

Facilities Manager (for facilities staff related incidents)

Duty Manager

18.3 The member of staff requesting the suspension should explain the circumstances and the designated member of staff will decide whether there are grounds for a suspension. Only these authorised nominees have the authority to suspend a student from the College. No other member of staff has the authority to do so.

18.4 The student will be informed of why they are being suspended and that they must leave the College immediately. A letter confirming suspension will be sent to the student with copies to parents, employers and/or other relevant agencies within three working days of the notification of the incident.

18.5 When the suspension has been approved the student must submit their lanyard to the College, be informed not to attend any college premises until they are invited to attend the relevant disciplinary meeting and if necessary to refrain from any contact of communication with any other students involved whilst the incident is being investigated. MIS must be informed so that the student's lanyard can be temporarily deactivated.

18.6 A temporarily suspended student should continue to complete and submit work electronically where possible.

18.7 A temporarily suspended student should not seek to contact anyone else involved in the investigation.

18.8 A student has the right to appeal this suspension to the Head of Department (or where the Head of Department took the decision to suspend, a Director). The Director will review the decision to suspend and decide whether to confirm or vary the decision.

18.9 The student will be informed of the outcome of this review in a letter. A copy of this letter will be placed on the student's file and noted on the student's computerised record.

19. Legal representation

19.1 Legal representation will not generally be allowed. The College will only consider requests for legal representation before to any hearing that may lead to exclusion. Where approval for legal representation is granted, the College reserves its right to have legal representation itself.

20. Standard of proof

20.1 The Student Disciplinary Policy and Procedure is not intended to be a court of law. For the avoidance of doubt, the standard of proof to be used in making findings of fact or in imposing disciplinary penalties is the 'balance of probabilities' i.e. that it is more probable than not that the alleged misconduct or poor behaviour occurred.

21. Disclosure to third parties

21.1 City of Bristol College may, at times, be obliged to refer to upheld findings of misconduct or poor behaviour in a student reference to discharge its legal obligation to provide a true and accurate reference to future education providers or future employers.

21.2 The College may be obliged to disclose information arising from a disciplinary investigation, interview or meeting to the Police on receipt of a written request, provided that the College is satisfied that it is permitted to do so under the Data Protection Act 1998

22. Employers and/or external parties

22.1 If an employer or external party wishes to instigate disciplinary action against a student they should inform the Career Coach who will inform the curriculum area and then usual procedures will be invoked
