

# Safeguarding Policy 2025-2026

## 1. Background

In September 2025 the Department for Education statutory guidance document ([Keeping children safe in education 2025](#)) came into effect replacing the previous year's version. This document continues to focus on the safeguarding and promoting the welfare of children under the provisions of the Children Act 1989 and 2004 and following publication of Section 175 of The Education Act 2002 and 2011.

Section 175 of the Education Act places a duty of care on Local Education Authorities, and on governing bodies of schools and further education institutions to make arrangements for carrying out their functions with a view to safeguarding and promoting the welfare of children.

Safeguarding and promoting the welfare of children covers more than child protection. The requirements for the College are for policies and procedures that cover arrangements not just for meeting the welfare and safeguarding needs of children, but also the needs of adults at risk and young people as well as ensuring appropriate practices for staff recruitment and selection and providing a safe and secure environment in which to study.

Schools and colleges and their staff form part of the wider safeguarding system for children. This system is described in statutory guidance Working Together to Safeguard Children 2023, Keeping Children Safe in Education 2025, Care and support statutory guidance (latest iteration July 2025.)

In accordance with the Counter-Terrorism and Security Act 2015, there is a statutory duty on colleges to "have due regard to the need to prevent people from being drawn into terrorism". This is known as the Prevent duty. To fulfil this duty the college liaises closely with the local area prevent lead to receive updates regarding local concerns and to refer students of concern to the Channel process when appropriate. The Prevent strategy, first published by the Government in 2011, is part of the overall counter-terrorism strategy, CONTEST. The aim of the Prevent strategy is to reduce the threat to the UK from terrorism by stopping people becoming terrorists or supporting terrorism.

The College accepts the obligations arising from the Prevent legislation as an important element of its general duty of care to protect its staff and students from all forms of harm and will implement Prevent procedures in line with Prevent National Guidance 2023 ([Prevent duty guidance: for England and Wales \(accessible\) - GOV.UK](#)) The College recognises that radicalisation and extremism can put individuals at risk of being drawn into violence and criminal activity and has the potential to cause significant harm to them. Working to prevent individuals from being drawn into terrorism is an act of safeguarding. The College is committed both to protecting freedom of speech and academic freedom and to protecting and safeguarding its students from the risk of being drawn into terrorism. The Prevent Duty will be discharged in a way that continues to encourage the exploration of political, philosophical and religious ideas and beliefs.

The College accepts the obligations arising from Keeping Children Safe in Education (KCSIE) 2025 and the College Safeguarding policy and procedures are discharged in line with KCSIE 2025 regional South West Child Protection procedures. [South West Child Protection Procedures online](#) for under 18 students, Care and Support statutory guidance for over 18 students and

To further safeguard our students in regard to the threats of terrorism the college has also implemented a procedure in the case of critical incidents based on the Run Hide Tell guidance 2015.

## 2. Definitions

- Children and young people - those aged under 18 years
- Adults at Risk – anyone aged 18 years or above who is or may need of services by reason of disability, age or illness; and is or may be unable to take care of or unable to protect themselves against harm, abuse or exploitation.
- LSB/ LSP– local area safeguarding and community safety board/ partnership.
- LADO – Local Authority Designated Officer
- Work experience – short and clearly defined as work experience with the aim of improving employability skills as well as curriculum focus if appropriate.
- Work placement – students undertaking work placement over a long period of time (one or two days per week over a period of two months or more)
- KCSIE (Keeping Children Safe in Education) - national safeguarding guidance document.

## 3. Scope

- 3.1. The Safeguarding Policy applies to all College staff, students and contracted staff, whether they work or study in the main College campuses, outreach centres, remotely (e.g. home working) or other designated areas, volunteers and governors.
- 3.2. The policy applies to students on work experience and placement programmes and those engaged on any College organised off site activity.
- 3.3. The policy applies to working arrangements with other agencies to support the College's Safeguarding Policy, including local education authorities, Learning Partnership West, schools, support agencies and employers.
- 3.4. Safeguarding and promoting the welfare of students is everyone's responsibility. **Everyone** who comes into contact with students and their families has a role to play. To fulfil this responsibility effectively, all college staff should make sure their approach is student centred. This means that they should consider at all times, what is in the best interests of the student.
- 3.5. No single College staff member can have a full picture of a student's needs and circumstances. If learners and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.
- 3.6. The College have a zero-tolerance approach to any type of abuse, and staff and governors are trained in how to raise any concerns they may have and how to handle a disclosure from learners or staff in a safe and confidential way.

## 4. Intent

The intent of the Safeguarding Policy is to ensure that:

- 4.1. A safe environment is provided for students at all times.
- 4.2. Students who are at risk of and/or likely to suffer significant harm are identified, and appropriate action is taken. This includes the risk of radicalisation as noted in the Prevent duty.
- 4.3. There exist safe recruitment practices in checking the suitability of staff and volunteers to work with or in proximity to children and students. The College's Recruitment and Selection Policy cover these in more detail.
- 4.4. Staff are made aware of issues relating to the Safeguarding and welfare of students (more detail of specific safeguarding issues is included in the College Safeguarding Procedures).
- 4.5. The College's safeguarding practices align with statutory guidance and promote the mental health and well-being of students.

## 5. Confidentiality and sharing information

- 5.1. Once a disclosure and referral have been made, the incident should be considered confidential – unless the information indicates that the person is at risk of harm from others or to themselves. Then the information will be shared with the DSL (or Safeguarding Team) and/or other agencies/professionals who are able to take protective action.
- 5.2. All information regarding child protection issues will be kept in a secure electronic system.
- 5.3. The College is obliged to work and share information with external agencies charged with the protection of children and young people. This includes but is not limited to local authorities, the police, local schools, health organisations and local safeguarding boards/ partnership but is based on the 'need to know' principle.
- 5.4. The College has representation on a range of working groups led by the Local Safeguarding Boards or partnerships (LSB's/LSP's) relevant to safeguarding including Building the Bridge (Prevent), Serious Youth Violence Crime group, the cities substance misuse working group, the Thrive Mental Health Partnership.
- 5.5. The College commits to share information with partner agencies and other official support organisations and to allow safe access to students on-site if required and appropriate.
- 5.6. The College works closely with the area Prevent team and through them refers to the Channel process when necessary.
- 5.7. The College has developed systems to ensure effective communication between local agencies.
- 5.8. Note: 'confidentiality' is often misunderstood. An over emphasis on confidentiality can leave young people or adults at risk in danger of harm. If something is confidential, this does not mean that it cannot be shared. GDPR should be no barrier to information sharing about a person in need, as long as appropriate protocol is followed. However, it is important to:
  - Share only what it is necessary to share to protect a child/young person or an adult at risk
  - Record what you shared, and with whom
  - Record your reasons for sharing for further information refer to; [DfE guidance on information sharing](#)
  - Inform the individual making the disclosure that information they provide will be shared, why and

with whom.

- Share information in accordance with the college's police communication procedure regarding students (referenced in safeguarding procedures)
